Influence
→ Exposure

Risks	Mitigations
1 Public View as Green Washing	• Independent Verification → Understand demand • Mission first agreement→ Conduct pre-implementation consultations
2 Possible Misaligned Initiatives	• Joint Governance Committee • Defined Scope & Roles → Complement, not replace • Consistent Branding → Unified brand identity
3 Impact may not translate into measurable progress	• Define Impact Metrics → Quantify real-world outcomes with KPIS • Showcase SDG Alignment → Explicitly link all initiatives to SDG goals • Pilot and Scale → Expand strategically and track progress

Thank You!
