

The ClimateVerse

Dispatch from Other Dimensions

Redefining the narrative to empower climate justice.

Ana Hasan, Anna Yang, Hanum Zahrani, Cheng Peng

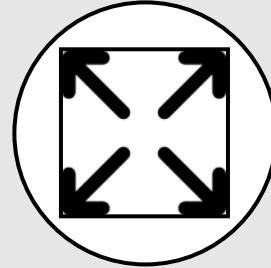

Climate Verse

1. ClimateVerse is a social enterprise *inspires* actionable impact by strategic foresight & immersive storytelling.
2. Provides climate action consulting to organizations, *community building* programming and engages in immersive storytelling
3. Key challenges: Repositioning of *Dispatch* from *Other dimensions* as a strategic communications tool.

Opportunities

Redesigning Dispatch

- ✓ Significant opportunities to make Dispatch accessible through clear design and visible features making it a key platform for climate and social justice issues.
- ✓ With the success of *Dispatch*, may provide opportunities to expand the network globally.

Launch of Backcast Podcast

- ✓ Launching Backcast Podcast provides wider and accessible audience reach.
- ✓ Provides opportunity to host sustainable speakers from organizations to shed light on climate matters and further inspire action.

Co-hosted NGOs workshops

Partner with Influential NGOs to Bring Greater Workshop Audience

The Dispatch Catalyst Program

Implement Volunteering Programs into Secondary Schools

Climateverse & Earthcubs Collab

Increase Presence Through Strategic Co-Marketing Partnership

Marketing and engagement opportunities

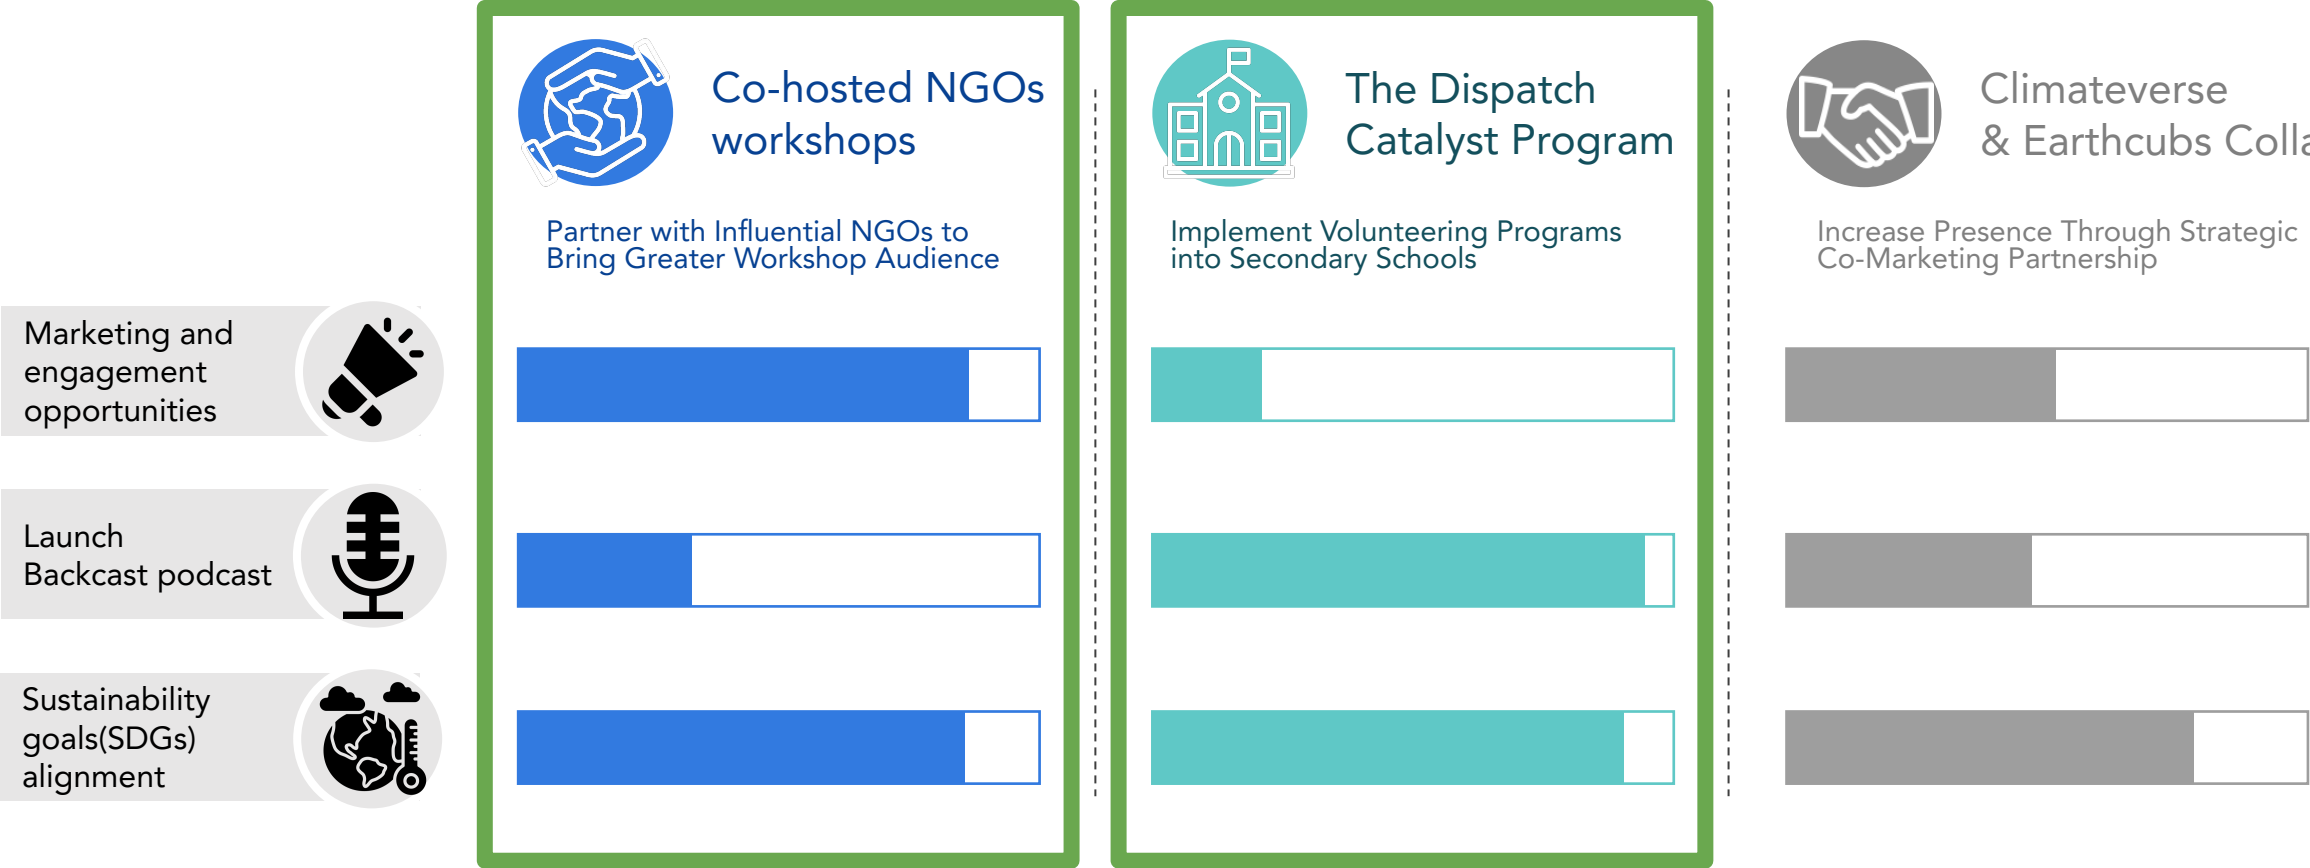

Launch Backcast podcast

Sustainability goals(SDGs) alignment

Key Takeaway

Combination of the two will maximize our values.

NGO Co-hosted Workshops

Implement secondary school program that allow students to publish their work

“The Link”

Dispatch Catalyst Program

CitiAI provides real-time investment suggestions or personalized credit solutions

The Dispatch Synergy

Value Proposition:

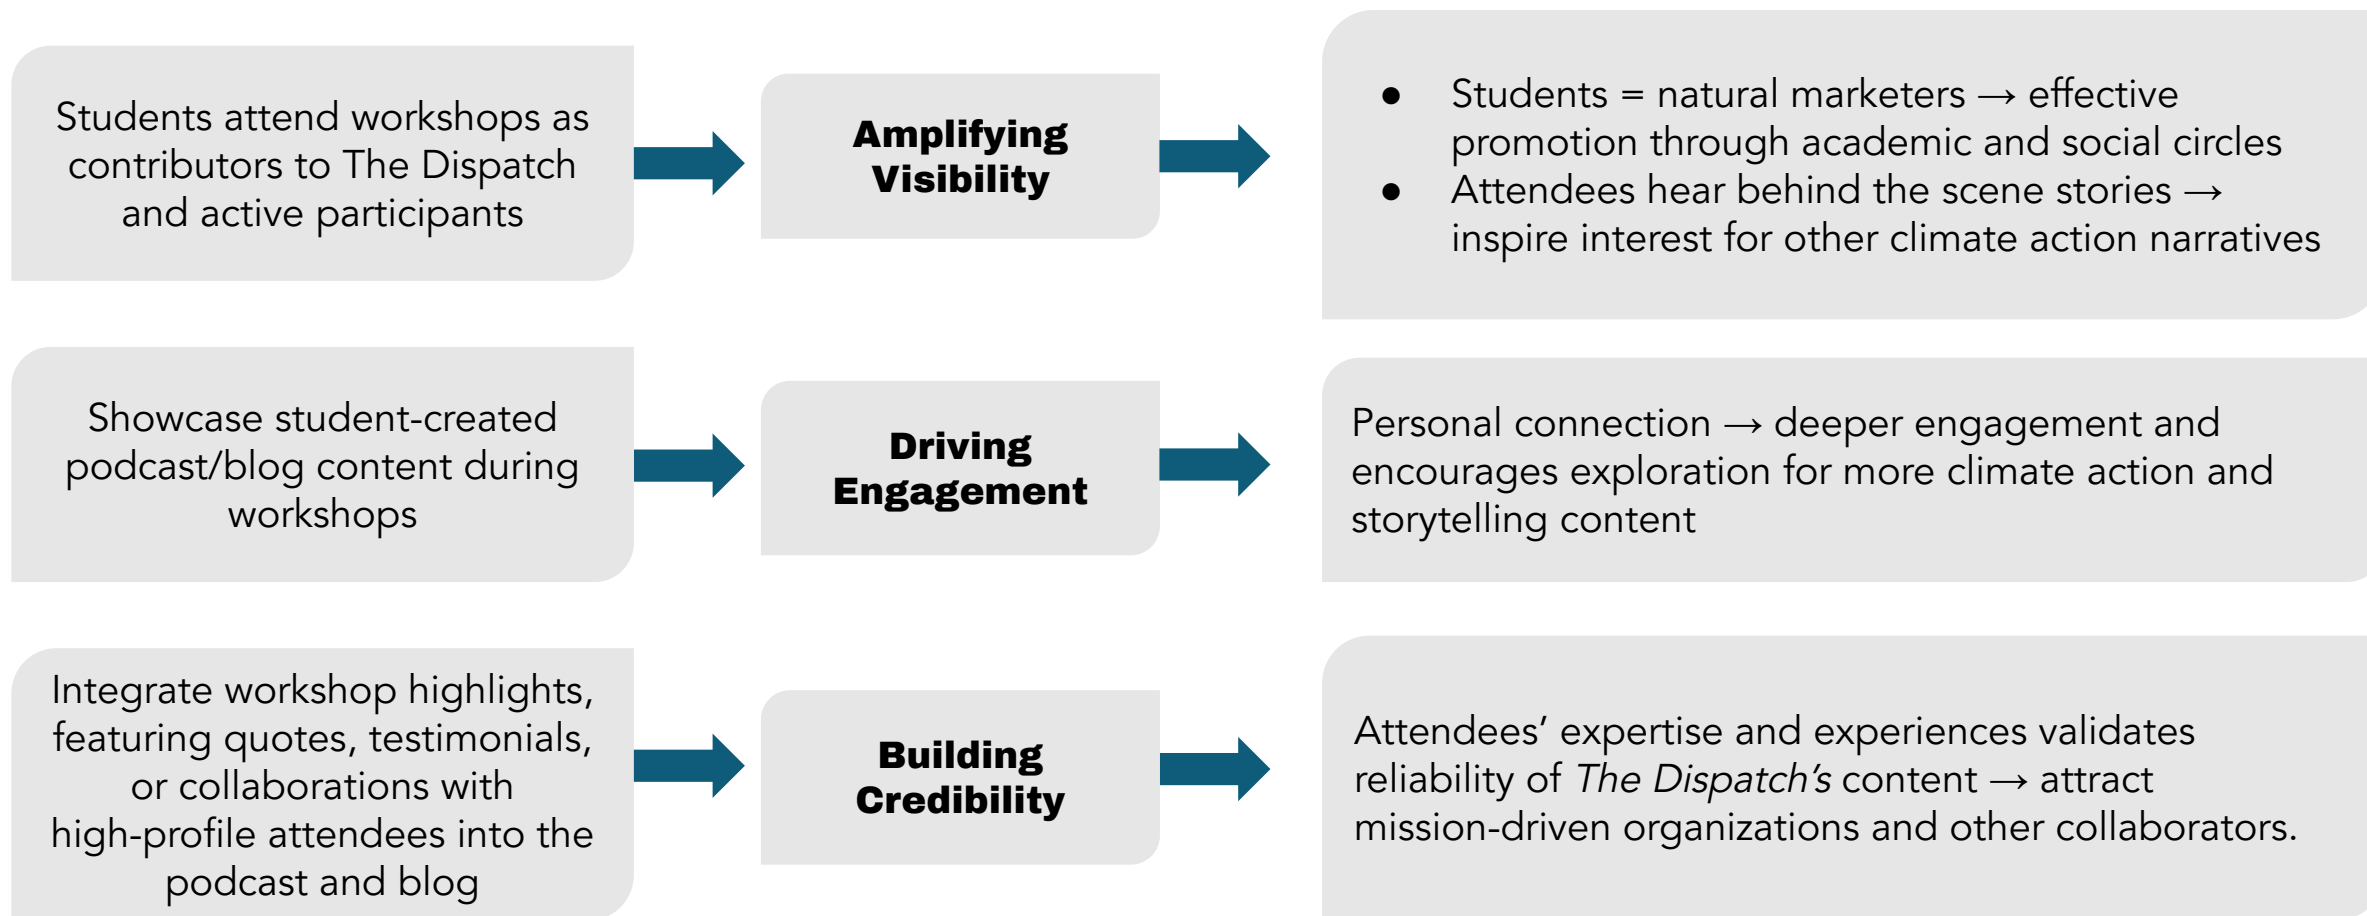

The Dispatch empowers youth to lead immersive storytelling initiatives for climate action while serving as a collaborative marketing and engagement platform for mission-driven organizations to amplify their impact and align with sustainability goals.

The Dispatch Synergy: Equation to Maximize Value

NGO Co-hosted Workshops + Dispatch Catalyst Program = Youth Representative at Workshops

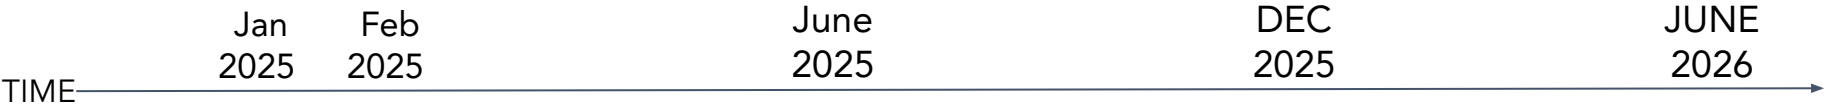

Mutual Feedback Loop: reciprocal value created by linking student content creators with NGO workshop attendees

 Action step

 Evaluation step

Part 1 Co-Hosted NGOs Workshops → Since Beginning

Identify and secure NGO partners

Define workshop themes

Create co-branded marketing materials

Part 2 The Dispatch Catalyst Program → 1 - 3 Month

Recruit from high schools and organizations

Onboard selected students with content creation workshop

Publish the first wave of student-created content

Part 3 The Dispatch Synergy → From June 2025

Students attend subsequent NGO workshops

Integrate NGO feedback and workshop outcomes into student-created content

1
Provide *clear structure* to design element

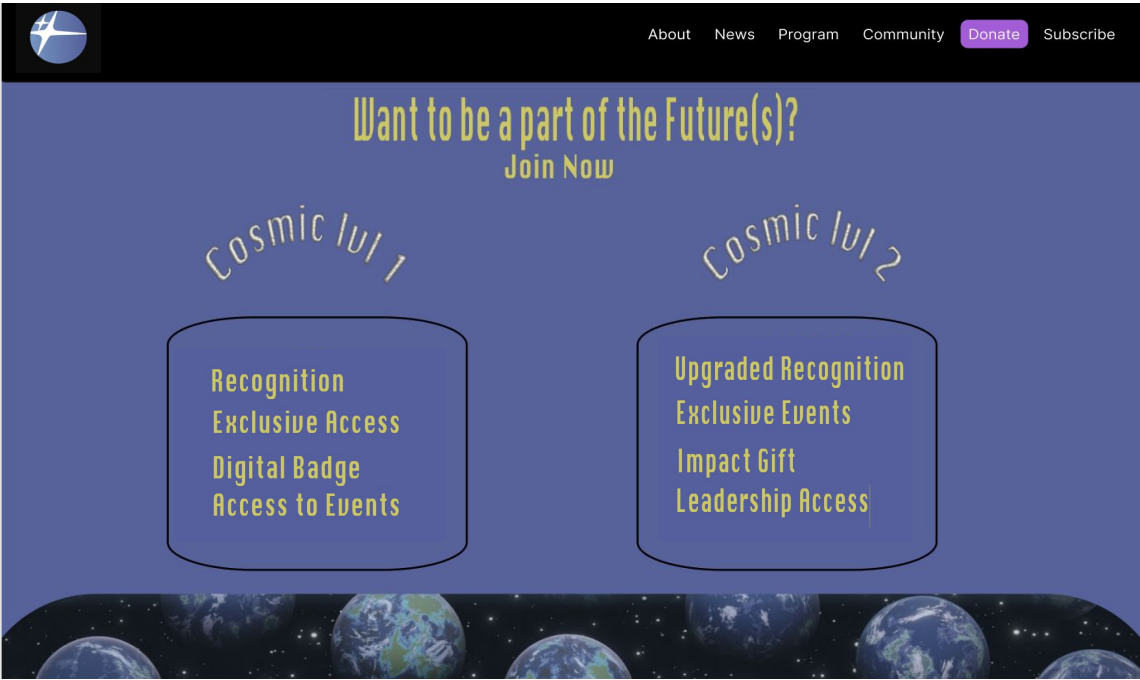

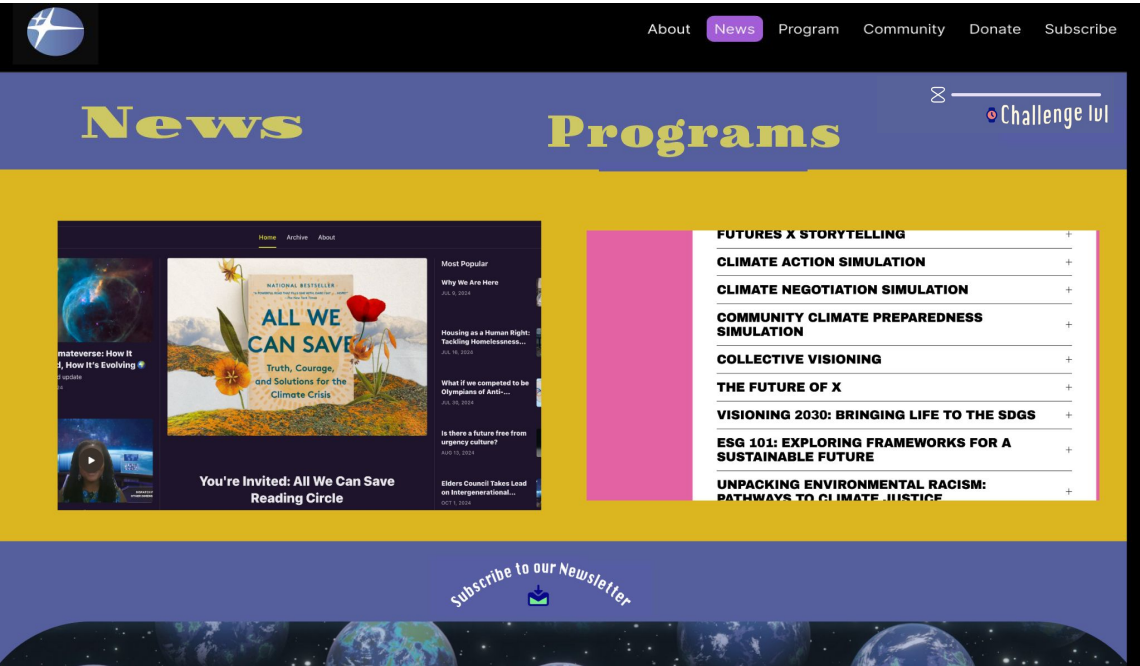

2
Introducing Backcast Podcast on the main page

3
Audience clearly knows *what Dispatch is and its offerings* from the start

4

Structure News and Programs to make the features easy to understand to readers.

5

Introducing donation feature with multiple levels of membership!

Sustainable Development Goals

Support climate initiative and **sustainability** through **donation** and **collaboration**

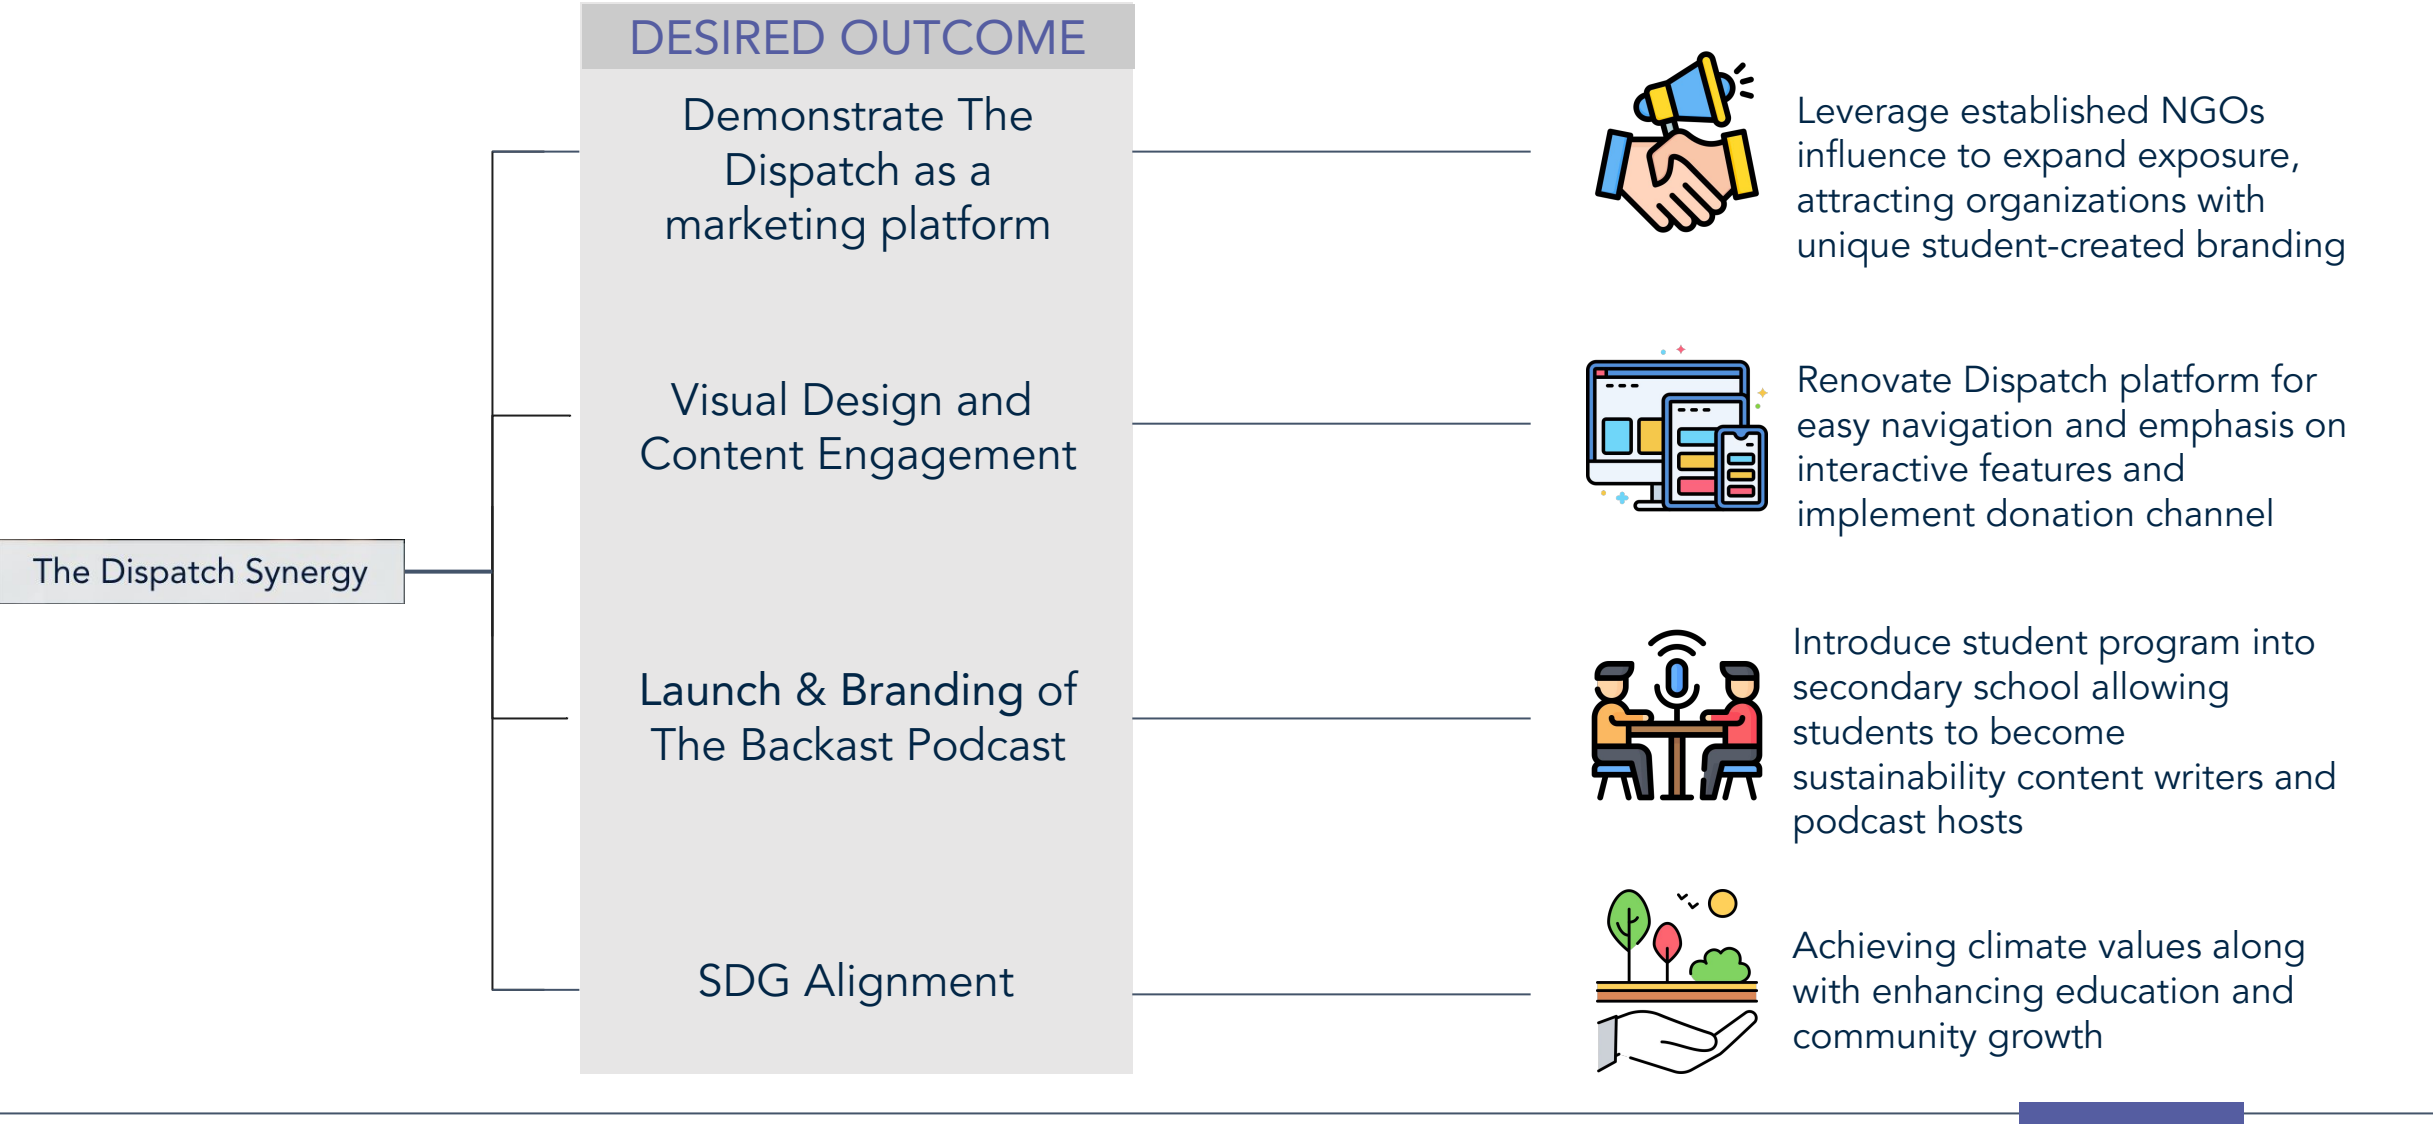

The Dispatch

Collaborate with **NGOs**, **corporate sponsors**, and **students** to advance **climate justice**

Partner's objective

Building strong collaboration by partnering with **ClimateVerse** and **supporting The Dispatch**

Risks	Mitigations
1 Strategies may not resonate with partners and audiences	• Partner-Centric Design → Understand demand • Audience Research → Conduct pre-implementation consultations • Pilot and Iterate → Sample test workshops
2 Balancing creative roots with strategic purpose	• Preserve Storytelling DNA → remain as centre of workshops and contents • Cohesive Integration → Complement, not replace • Consistent Branding → Unified brand identity
3 Efforts may not translate into measurable progress	• Define Impact Metrics → Quantify real-world outcomes • Showcase SDG Alignment → Explicitly link all initiatives to SDG goals • Encourage Actionable Outputs → Design actionable workshops

Thank You!
