"TalentLink"

"By refining the hiring process to prioritize diverse and qualified candidates while fostering a supportive community through ERGs, YES Prep can enhance work-life balance and fostering inclusivity that ultimately leads to increasing job satisfaction and teacher retention."

Risks are prevalent with TalentLink's implementation, but can be mitigated

Risks and Mitigations

1 — Resource Constraints

Key Mitigant:

1. Launch a **Pilot program**
2. Focus on **key groups** based on **teacher demographic**

2 — Candidate Drop-Off

Key Mitigants:

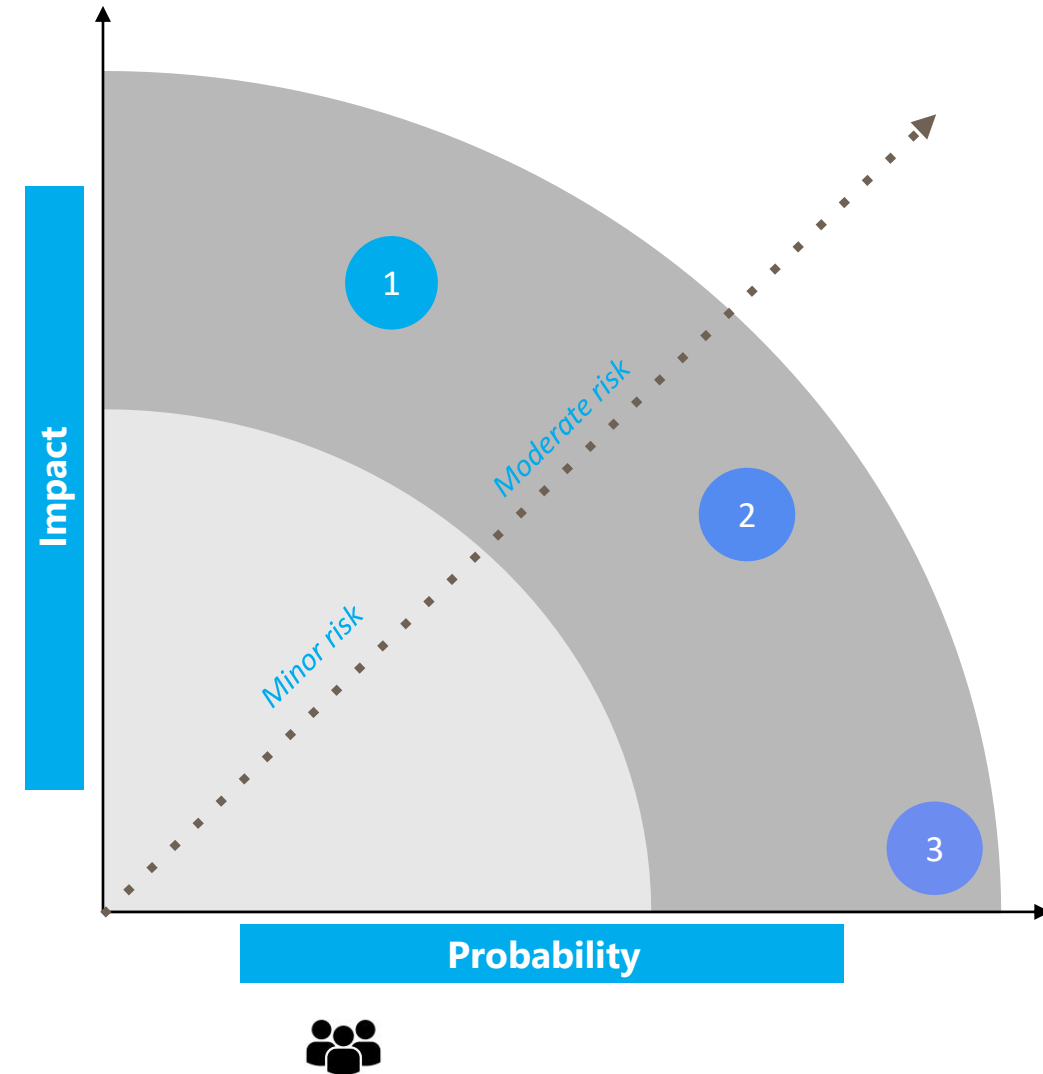

1. Clearly **communicate the value of the hiring process**
2. Leverage **new initiatives** such as **ERGs** to motivate new employees

3 — Exclusion Formation

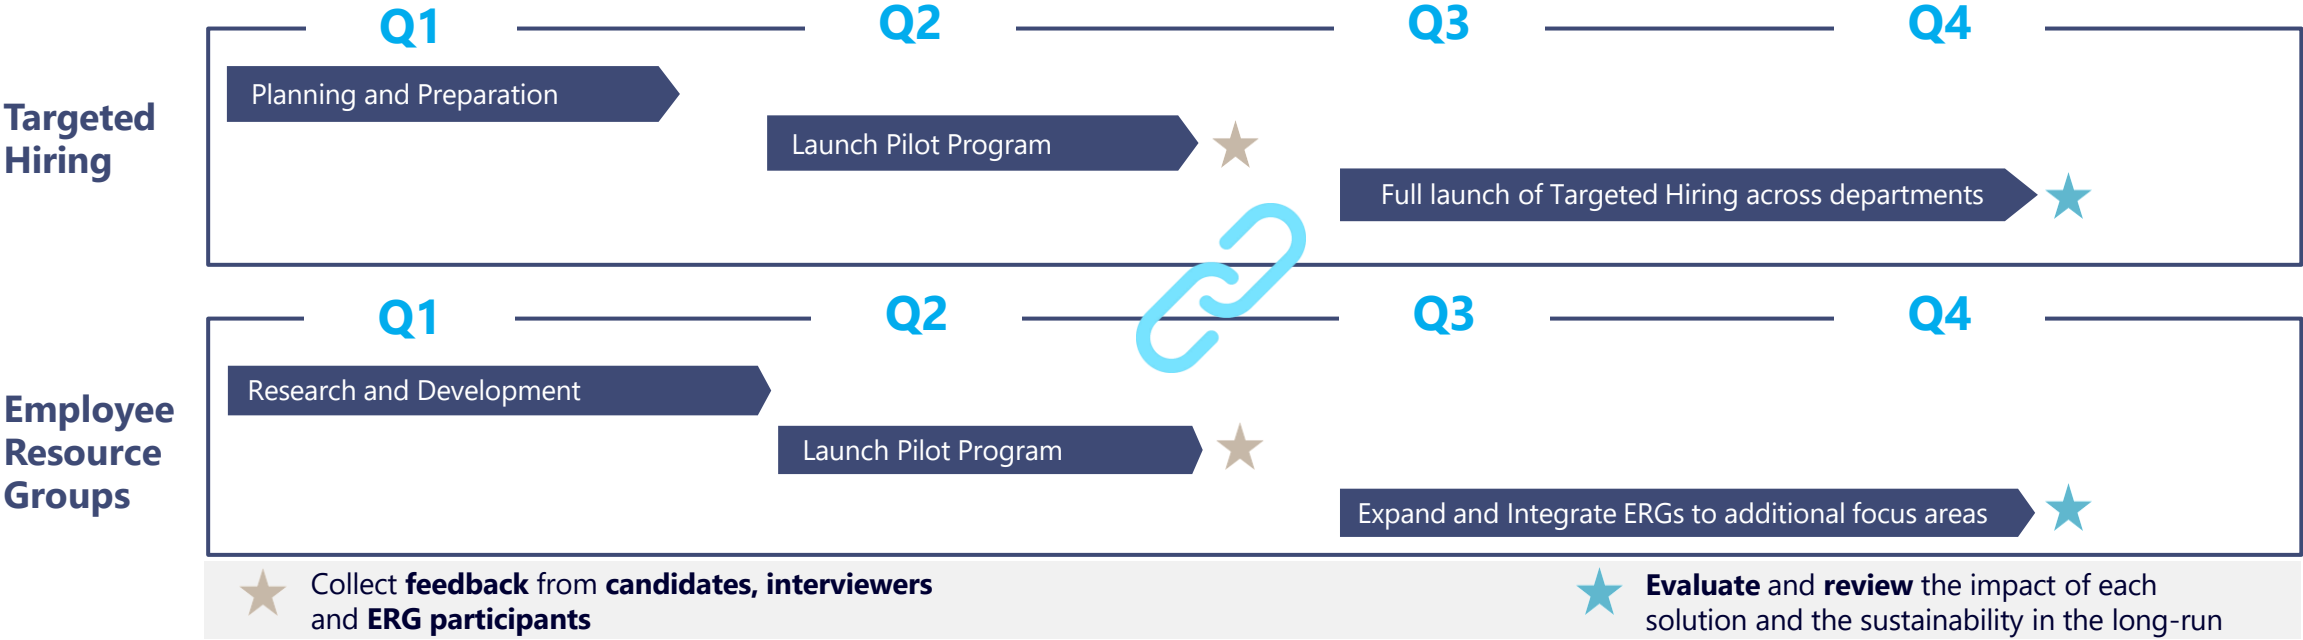

Key Mitigants:

1. Host **cross-group collaboration** events and broader teacher events
2. Highlight that all **ERG's are open to everyone** despite the specific group

TalentLink uses a test-and-learn approach to ensure a successful transition in 1 year

Implementation

Key Performance Indicators

For Targeted Hiring:

- Increase in percentage of hires from **underrepresented** groups
- High **candidate satisfaction scores** with post-interview surveys

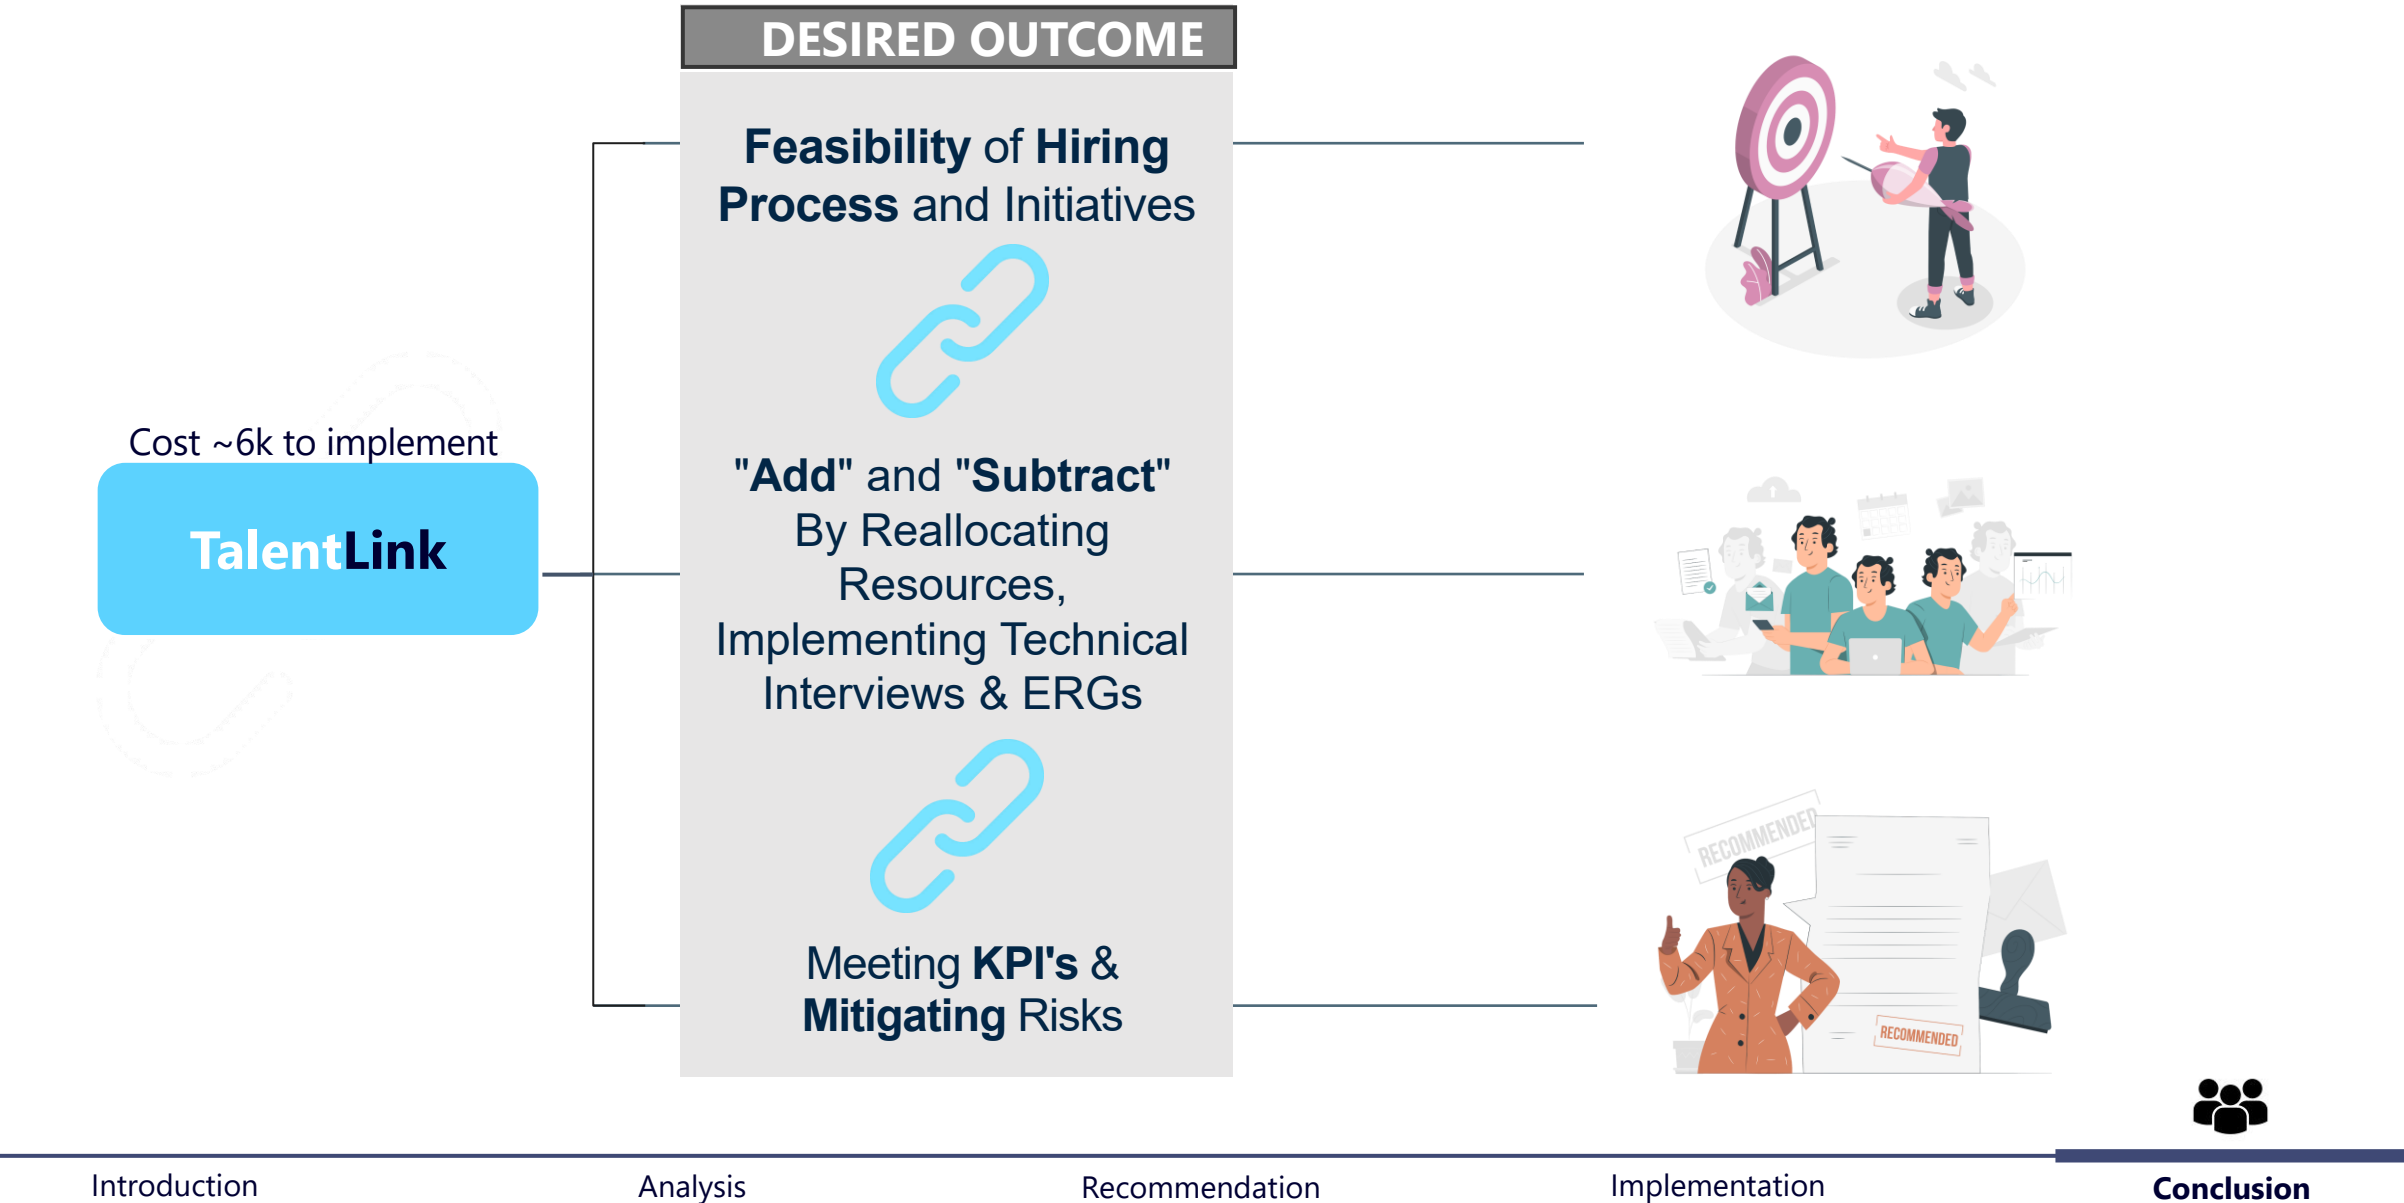

For Employee Resource Groups:

- Increase in **teacher retention rates** and participation in ERGs
- Effective use of **resources** and leveraging **long-term leadership** support for ERGs

Solution #1:

Targeted Hiring;
Holistic Recruitment

Reallocate costs that are currently invested into training programs:

- Teaching Excellent Program
- Teacher Continuum
- Structured Mentorship

We want to reallocate these expenditures instead into...

- Recruitment events
- Interview process
- Seeking Qualified Individuals

Therefore, no significant additional costs will be incurred

Solution #2:

Employee Resource Group;
Diversity & Community Building

We will continue our mentorship program for free

Additional engagement events:

- Cultural Potluck
- Socials
- Networking Event

Assuming ~203 (5yr+ employees)
x 2 (assumption)
= ~406+ employees
x 15\$/person social costs
= \$6,090

Estimated Cost:
~\$6,100
